

UL Consumer and Retail Services

Who is UL

UL helps companies deliver safe and reliable products. We are a global independent safety science company, operating since 1894. Our diverse customers are based in more than 100 countries and across more than 20 industries. With over 14,000 employees worldwide, we help set standards defining safety, security, quality and sustainability.

Today, UL Marks appear on tens of billions of products globally to promote confidence in the safety and quality of the product. Manufacturers, retailers, and brands that need to manage complexity in their supply chains look to partner with UL.

We help people

What is UL's Consumer and Retail Services division

UL's Consumer and Retail Services division offers solutions for the consumer and retail industry by providing services and information to help you navigate the global marketplace.

We help you deliver safer, more sustainable products that your consumers can trust, offering you a wide portfolio of chemical, microbiological, physical and mechanical testing, audits and inspections. We help to mitigate supply chain risk, verification and certifications, and provide trainings and sustainability solutions.

What we offer

Our team of experts can develop comprehensive quality assurance programs to help ensure compliance with regulatory requirements and brand specifications.
